

“

Benhaven has changed the way my son and I view his education. Instead of anxiety and stress, our academic experience is now one of hope and happiness. - JC

WHAT WE DO

Benhaven Academy provides educational services to students with autism and developmental disabilities. The students' primary needs include social, communication, coping and executive function skills.

SERVICES

Benhaven Academy strives to provide a welcoming, challenging academic environment for students who learn best in small, individualized settings. Programs for students are shaped through a continuous collaborative person-centered framework. This collaborative process provides input and direction in the development of the Individualized Educational Program (IEP).

Programs for students are shaped through a continuous collaborative person-centered framework involving parents, school district, staff, and the student. Benhaven Academy educates students ages 5 to 22.
