

Children's Behavioral Services

“

I just wanted to thank you for all you have done to help Clark grow into the beautiful, respectful, kind, happy little boy he is today. You saw his strengths and you loved him. You brought out the real Clark. I truly believe you helped save his life. I know as an educator, your goal is to make a difference in a child's life, you absolutely did. - (unsolicited testimonial)

”

CLINIC

The CBS Clinic, located in Wallingford, CT, provides opportunities for individual and small group ABA therapy, to foster skill building as well as social communication with peers.

HOME

ABA therapy, designed and supervised by a Board Certified Behavior Analyst, provided in your home.

COMMUNITY

ABA therapy can be provided in a variety of locations, including daycares, preschools, camps, etc.

Benhaven's Children's Behavioral Services (CBS) provides assistance, based on the principles of Applied Behavior Analysis (ABA), to children from diagnosis through age 21.

Our generous staff, composed of Board Certified Behavior Analysts (BCBA) and Registered Behavior Technicians (RBT), focus on teaching families how to understand the function of behavior and ways to increase learning and skill acquisition. The CBS program provides clinic, home and community services, based on the principles of Applied Behavior Analysis (ABA).

SERVICES

Children's Behavioral Services offers ABA assessment and analysis, program development, as well as ongoing skills and family training. Benhaven works with children aged 2-21 to build skills and increase the capacity of families to engage with their children by:

- Reduction of behavioral adversities
- Teaching socially suitable behaviors
- Expanded communication abilities
- Increased social skills
- Increased independence at home and within the community
